

Pocket Multimeter Model 5115

Cat. #2154.10

Pocket Multimeter Model 5115

This little pocket digital multimeter is feature rich offering functions only found in meters several times higher in price. Small enough to fit into your pocket - versatile enough to handle many electrical measurement tasks. A built-in non-contact voltage detector and flashlight adds to the versatility of this meter.

Cat.#2154.10

Display	LCD (includes backlight)
Counts	2000pts
Power	2 x CR2032
IP	IP40
Safety	600V CATIII
Operating Range	32 to 122°F (0 to 50°C)

For more details, download the datasheet or user manual at www.aemc.com

Accuracy

V_{DC} : 1.2% + 2cts
 V_{AC} : 1.5% + 8cts
Resistance: 1.5% + 5cts
