

Voluntary recall of the Catalog #2137.83 Adapter – 600 V CAT III Power Adapter for use with Models PEL 102 & PEL 103

September 2022

Destruction of Catalog #2137.83 Adapter(s) – 600 V CAT III Power Adapter for use with Models PEL 102 & PEL 103 Agreement

By signing this destruction of product agreement, I attest that I received the voluntary recall notice relating to **Catalog #2137.83 Adapter – 600 V CAT III Power Adapter for use with Models PEL 102 & 103** from AEMC[®] Instruments and have chosen to destroy the product rather than returning it to AEMC[®] Instruments corporate office in Dover, NH USA so that I may receive a replacement product(s).

I understand that my product(s) is or are considered destroyed by following the steps detailed below.

- 1) Make sure the Adapter is **not** plugged into or connected to a device.
- 2) Use a pair of scissors, or other cutting mechanism, to completely sever the cord attached to the adapter unit as indicated in the image to the left.
- 3) Take a photo of the destroyed adapter showing the serial number and email it to return2137.83@aemc.com.
(You must send a photo to get a replacement adapter)
