Corrado Crippa joins AEMC[®] Instruments as NEW Global Sales Director

Dover, NH – AEMC[®] Instruments, part of the Chauvin Arnoux[®] Group announces the appointment of Mr. Corrado Crippa as new Global Sales Director. Mr. Crippa has close to 30 years' experience in the domestic and international energy sector.

Prior to joining AEMC[®] Instruments, he headed his own company specialized in the supply and procurement of electrical equipment and instrumentation globally. He is knowledgeable and comfortable in performing a wide range of tasks from administrative to strategic. Mr. Crippa's strong communication skills and linguistic capabilities (five languages), coupled together with his international experience, give him the intercultural sensitivity to work in and with different cultural mindsets. This also allows for a strong collaboration across the multiple geographic locations that his position requires. He is known for his enthusiasm, analytical thinking, exceptional organizational and managerial skills, as well as his commitment and self-motivation. Mr. Crippa holds a Bachelor of Science in Electrical Engineering (Power Systems) and an MBA in International Business and Finance.

AEMC[®] Instruments is excited to have Mr. Crippa join our fast-growing company as our new Global Sales Director. He will be responsible for both Sales and Product Management for North America, Central America, South America, Australia, and New Zealand. AEMC[®] Instruments manufactures professional electrical test and measurement instruments for the industrial, commercial and utility marketplace. Our products are backed by over 125 years of experience in test and measurement instruments and encompass the latest international standards for quality and safety. AEMC[®] products can be purchased through a worldwide network of distributors. www.aemc.com
