Steven Vanasco joins AEMC[®] Instruments as NEW Director of R&D and Director of Manufacturing

Dover, NH – AEMC[®] Instruments, part of the Chauvin Arnoux[®] Group announces the appointment of Mr. Steven Vanasco as new Director of R&D and Director of Manufacturing. Mr. Vanasco has more than 20 years' experience in research & development and manufacturing in different industries.

Prior to joining AEMC[®] Instruments, Mr. Vanasco worked in many industries as a Manufacturing and Operations Manager. He is known for his problem solving and decision-making skills in a calm and strategic manner. He feels fulfilled when managing, developing, and mentoring team members in fostering an environment for empowerment, growth and productivity. Mr. Vanasco holds a dual engineering degree in electrical and mechanical engineering with a concentration in manufacturing. He is certified by the Project Management Institute as a Project Management Professional, as well as versed in lean and six sigma philosophies and is certified by OSHA General Industry Safety and Health. AEMC[®] Instruments is excited to have Mr. Vanasco join our fast-growing company as our new Director of R&D and Director of Manufacturing.

AEMC[®] Instruments manufactures professional electrical test and measurement instruments for the industrial, commercial, and utility marketplace. Our products are backed by over 125 years of experience in test and measurement instruments and encompass the latest international standards for quality and safety. AEMC[®] products can be purchased through a worldwide network of distributors. www.aemc.com
